

Template for 5 x 5 LED Array Construction Jig

- Print this page on to plain paper.
- Check that the printed page is to scale - does this measure 5 inches ?
- Cut around dotted line
- Glue template on to 125mm square of 12mm MDF (5" x 5" x 1/2")
- Drill holes in marked positions

For 5mm LEDs use a 5mm drill
For 3mm LEDs use a 3mm drill
